Narrative Disclosure to Summary Compensation Table

Our compensation program for executive officers is intended to:

- ' provide each officer with a conservative base salary; and
- ' create an incentive for retention and achievement of our long-term business goals using a sizeable, multi-year stock or option bonus programs.

The Compensation Committee is responsible for evaluating the performance of, and reviewing and approving all compensation of, our executive officers, including those executive officers named on the Summary Compensation Table (the “named executive officers”). The Compensation Committee’s designated officer-delegate (currently our Corporate Secretary) is responsible for approving certain issuances of stock under our 2006 Employee Equity Plan to non-executive employees. The Board approves equity awards to all executive officers, including the named executive officers and directors, to preserve the exemption from short swing liability under Section 16(b) of the Securities Exchange Act of 1934.

Our goal is to create performance-based compensation that motivates management to increase stockholder value. Our current Executive Chairman and CEO receives no cash compensation. We compensate our other senior executive officers with a conservative base salary and incentivize them to remain with us through issuance of stock, including stock options, and payment of performance-based cash bonuses. The Compensation Committee has not independently reviewed peer group or other market data in setting base salaries or incentive compensation for senior executives. Because our compensation programs are limited, we do not have policies regarding the allocation of compensation between short and long-term or cash and non-cash.

Base Salaries. We have established base salaries according to each named executive officer’s position, responsibilities and performance. We do not pay Mr. Monroe a salary for his services as Chairman or Chief Executive Officer or Mr. Roberts a salary for his services as Corporate Secretary. Salaries for Mr. Navarra, Mr. Ponder and Mr. Bell are consistent with their respective positions, responsibilities and performance. All executive officers are at-will employees.

2012 Key Employee Bonus. We established a key employee bonus pool to reward designated key employees’ successful efforts to exceed our 2012 financial performance goals, to align these employees’ financial interests with those of our stockholders, and to provide these employees with a competitive, success-based bonus package.

The pool available for bonus distribution was determined based on the Company’s Adjusted EBITDA performance in excess of budget during calendar year 2012. The aggregate amount that could be distributed under the pool was 25% of the Company’s Adjusted EBITDA in excess of the \$9,000,000 forecasted in our 2012 budget; the total pool was \$272,000 based on Adjusted EBITDA of \$10,086,000. For this purpose, Adjusted EBITDA meant EBITDA adjusted on a basis consistent with Adjusted EBITDA previously reported by us, with further adjustments, if necessary, for Thales arbitration net costs or benefits, spectrum sale or lease proceeds, asset write-offs and other similar items impacting EBITDA during the 2012 as determined at the sole discretion of the Compensation Committee. The portion of the pool payable to each participant was recommended by the Chief Executive Officer and amounts payable were approved by the Compensation Committee, acting in its sole discretion.

The named executive officers and other key employees participated in this plan. Each participant must be an employee on the payment date to receive the bonus, and payments could be made in cash or stock. The Committee determined to make the payments in stock in order to conserve cash. The Company plans to issue the shares at the next window period in 2013. Messrs. Navarra and Ponder will receive \$20,000 of stock, using the closing price of our common stock on the date of issuance.

In the event that, after the payment date, but before April 10, 2014, fraud or misrepresentation (as determined by the Committee) should result in a need for the Company to restate its 2012 annual financial statements in a manner that reduces the Adjusted EBITDA figure that was used to determine the amount available for distribution under the plan, then participants who have received distributions under the plan in excess of the amounts they would have been entitled to receive, but for the fraud or misrepresentation, shall be liable to repay such excess to the Company, without interest, on demand.

Discretionary Cash Bonuses. In 2013, Mr. Ponder received a \$50,000 bonus in recognition of his efforts in 2012.

Perquisites: We provide limited perquisites to certain named executive officers consisting primarily of premiums for term life insurance policies and funding of flexible spending accounts.

We reimburse Thermo for transportation, lodging and meal expenses incurred by Mr. Monroe, Mr. Lynch and Mr. Roberts in connection with each of these persons performing services for us. These reimbursements are reviewed and approved for payment by our Chief Accounting Officer or Corporate Controller at least once a year. The Compensation Committee reviews the total reimbursement amount annually. During 2012, we reimbursed Thermo approximately \$180,062 for these expenses.

Employment Agreement. On September 25, 2012, we entered into an employment agreement with Frank Bell in conjunction with his appointment as President of Global Sales and Marketing. The agreement provides for an annual base salary of \$250,000. In addition, Mr. Bell is entitled to receive a 50% bonus for any year in which we achieve goals for revenue and gross margin to be set by the Board and a further 50% bonus for any year in which we achieve higher goals for revenue and gross margin. His bonus for any partial year will be pro-rated. The Board has not yet set these goals, and Mr. Bell did not receive a bonus for 2012.

Beginning in 2013, Mr. Bell is entitled to participate in the senior managers’ cash bonus plan or a similar plan.

Pursuant to the agreement, we issued to Mr. Bell an initial option (the “Initial Option”) to purchase 250,000 shares of Common Stock and an initial incentive option (the “Initial Incentive Option”) to purchase another 250,000 shares of Common Stock. We also agreed that if, at a future date, Mr. Bell were to assume substantial additional responsibilities, we would issue to him an additional option (the “Future Option”) to purchase 250,000 shares of Common Stock. All of the options are to be issued as qualified options under our 2006 Equity Incentive Plan. The exercise price of the Initial Option and the Initial Incentive Option is \$0.48 per share, the market price of the Common Stock on September 25, 2012. The exercise price of the Future Option will be the market price of the Common Stock on the date that Option is granted.

The Initial Option will vest 40% on September 25, 2013 and 20% on each of the next three anniversaries of that date. However, if the Common Stock trades at a price above \$2.50 per share for 10 consecutive trading days at any time, the Initial Option will vest immediately. The Initial Incentive Option will vest 50% when, in any 12-month period, our gross revenue is greater than \$125 million. The remaining 50% will vest when, in any 12-month period, gross revenue exceeds \$160 million. Gross revenue is defined as all revenue other than revenue from extraordinary revenue sources such as gateway or spectrum sales or leases and other special and other nonrecurring revenue.

All of the Options will vest if Mr. Bell is employed by us on the date of any Change in Control.

Mr. Bell is subject to a 12-month noncompetition restriction and is required to assign to us any intellectual property related to our current or anticipated business developed during his employment. Mr. Bell will also be eligible to participate in all benefit plans and programs that are generally available to our senior executive officers, such as employee life, health and disability insurance and 401(k) plan participation.

Notwithstanding the calendar-based vesting dates stated above: (a) all unvested Options will immediately vest if the Common Stock trades at a price in excess of \$2.50 per share (based on closing bid prices) for ten (10) consecutive trading days; and (b) upon a "Change of Control" as defined in the Plan, all unvested Options will vest immediately.
- (4) Performance share awards are granted pursuant to our 2006 Equity Incentive Plan and vest upon achievement of the performance condition. Notwithstanding the "not earlier than" date in Notice of Grant, upon a "Change of Control" as defined in the Plan, all unvested Options will vest immediately.

Additional Narrative Disclosure

Pension Plan

Mr. Navarra is entitled to benefits under a defined benefit pension plan originally maintained by Space Systems/Loral for employees of our predecessor, among others. The accrual of benefits in our predecessor's segment of this plan was curtailed, or frozen, as of October 23, 2003. On June 1, 2004, the assets and frozen pension obligations of our predecessor's segment of the plan were transferred to a new Globalstar Retirement Plan, which remains frozen. We continue to fund the plan in accordance with Internal Revenue Code requirements, but participants are not currently accruing benefits beyond those accrued at October 23, 2003. The estimated annual benefit payable upon retirement at normal retirement age to Mr. Navarra is \$35,394. The actual amount of the estimated annual benefit depends upon a number of factors such as time of retirement, years of contributions to the Plan, final average salary, social security wage base and the election for receipt of benefit payments. The estimated annual benefits upon retirement include either a contributory benefit (for those who have enrolled in the Plan) or a non-contributory benefit or a combination of both. The non-contributory benefit equals \$21 per month times the years of non-contributory service. The contributory benefit is the larger of the primary benefit formula, which factors in Social Security and a minimum benefit formula, which does not. The assumptions for valuation of the Pension Plan are described in Note 12 to our Consolidated Financial Statements contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

Payments Upon Termination or Change In Control

We have entered into a written, at-will employment agreement with Mr. Bell. If the Company terminates Mr. Bell's employment without Cause or as a result of a Change in Control, he will be entitled to 90 days' salary and continuation of health insurance coverage as required by law, but for not less than 12 months. If the Company terminates Mr. Bell's employment without Cause and within two years following a Change of Control, he will be entitled to the following severance and benefits: (i) 12 monthly installment payments of his then-current base salary plus pro rata portion of most recent annual bonus; and (ii) the same continuation of health insurance coverage as described in the preceding sentence.

We do not have written employment agreements with our other current executive officers. All Company employees, including our executive officers, are at-will employees. Voluntary termination of employment or retirement would not result in any payments to the named executive officers beyond customary short-term severance allowances and such additional awards, if any, that the affected employee would be entitled to receive under our pension and retirement plans. We pay life insurance premiums for all U.S.-based employees that would be paid (based on a multiple of salary) to the employee's beneficiary upon death, in addition to an immediate payment of two weeks' base salary.

We also have a severance allowance applicable to all U.S.-based employees if an employee is terminated due to a reduction in workforce of ten or more positions and upon the employee's execution of a release of claims. Under this plan, the named executive officers would receive a lump sum payment equal to six to eight week's base salary. Other severance, if any, is determined at the time of dismissal and is subject to negotiation.

Under our 2006 Equity Incentive Plan, if a participant dies, becomes disabled or is terminated for cause, unvested awards are forfeited. For vested option awards, the participant or his survivor generally has 12 months to exercise. If a participant is terminated for cause, all unexercised vested options also are forfeited. If a change in control occurs, any unvested options outstanding would vest immediately. A change in control occurs when: (1) a person or group (other than us, an existing controlling stockholder, or trustee for a employee benefit plan) acquires beneficial ownership of 50% or more of the voting power in the election of directors; (2) our merger or consolidation; (3) a sale of all or substantially all of our assets; or (4) the sale or exchange by the stockholders of more than 50% of our voting stock; provided however, that a change in control is not deemed to have occurred if the majority of the board of directors of the surviving company is comprised of our directors. The Compensation Committee, in its discretion, also may take other actions to provide for the acceleration of the exercisability or vesting of other awards under the Plan prior to, upon or following a change in control.

1. “Beneficial ownership” is a technical term broadly defined by the Securities and Exchange Commission (“SEC”) to mean more than ownership in the usual sense. Stock is “beneficially owned” if a person has or shares the power (a) to vote it or direct its vote or (b) to sell it or direct its sale, even if the person has no financial interest in the stock. Also, stock that a person has the right to acquire, such as through the exercise of options or warrants or the conversion of notes, within 60 days is considered to be “beneficially owned.” These shares are deemed to be outstanding and beneficially owned by the person holding the derivative security for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise noted, each person has full voting and investment power over the stock listed.

2. The address of Mr. Monroe, Globalstar Holdings, LLC, Globalstar Satellite, L.P. and Thermo Funding Company LLC is 1735 Nineteenth Street, Denver, CO 80202. This number includes 38,640,750 shares held by FL Investment Holdings, LLC (fka Globalstar Holdings, LLC), 618,558 shares held by Globalstar Satellite, L.P., and 193,117,674 shares held by Mr. Monroe's trust. Under SEC rules noted in footnote 1, Mr. Monroe also beneficially owns 200,000 shares pursuant to vested options; 135,000,000 shares issuable to Mr. Monroe's trust upon conversion of our nonvoting Common Stock held by it; and 69,983,213 shares issuable to his trust or Thermo Funding upon exercise of certain warrants. Mr. Monroe's trust also holds \$11.4 million principal amount of 8% Convertible Senior Unsecured Notes and \$20 million of 5% Convertible Senior Unsecured Notes, which are convertible into Common Stock as provided under the terms of the notes. This would represent approximately 78% ownership. The terms of the nonvoting Common Stock and the warrants prohibit conversions and exercises if the resulting ownership for Thermo entities and affiliates would represent 70% or more of our outstanding voting stock. Mr. Monroe controls, either directly or indirectly, each of Globalstar Satellite, L.P., FL Investment Holdings, LLC and Thermo Funding and, therefore, is deemed the beneficial owner of the Common Stock held by these entities.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

Related Person Transactions

Reportable Related Party Transactions

Services Provided by Thermo. We have an informal understanding with Thermo that we will reimburse Thermo for expenses incurred by Messrs. Monroe, Lynch and Roberts in connection with their services to us including temporary living expenses while at our offices or traveling on its business. For the year ended December 31, 2012, we recorded approximately \$180,062 for general and administrative expenses incurred by Thermo on our behalf. In addition, we recorded \$528,525 for services provided to us by officers of Thermo that were accounted for as a contribution to capital. Neither Thermo nor Messrs. Monroe, Lynch or Roberts receive any fees or reimbursements other than as described above or under "Director Compensation."

Thermo Agreements. To fulfill certain conditions precedent to funding under our senior secured credit facility agreement with a syndicate of French banks (the "Facility Agreement"), we entered into several agreements with Thermo Funding as described below.

Secured Debt Conversion

In June 2009, Thermo Funding exchanged all of the approximately \$180 million of outstanding secured debt (including accrued interest) we owed to it under our senior secured credit agreement for one share of Series A Convertible Preferred Stock (the "Series A Preferred"), and the credit agreement was terminated. In December 2009, Thermo Funding converted the share of Series A Preferred into 109,424,034 shares of voting common stock and 16,750,000 shares of nonvoting common stock.

Note and Warrant Offerings

In June 2009, we sold \$55 million in aggregate principal amount of 8.00% Convertible Senior Unsecured Notes and warrants to purchase shares of our common stock to selected institutional investors, including \$11.4 million principal amount of notes and warrants to an affiliate of Thermo Funding, in a direct offering registered under the Securities Act of 1933.

In June 2011, we sold \$38 million in aggregate principal amount of 5.0% Convertible Senior Unsecured Notes and warrants guaranteed by substantially all domestic subsidiaries including \$20 million to Thermo Funding in a private placement.

Contingent Equity Agreement

In June 2009, we entered into a Contingent Equity Agreement with Thermo Funding whereby Thermo Funding agreed to deposit \$60 million into a contingent equity account to fulfill a condition precedent for borrowing under the Facility Agreement. Under the terms of the Facility Agreement, we were required to make drawings from this account if and to the extent we had an actual or projected deficiency in our ability to meet indebtedness obligations due within a forward-looking 90-day period. Thermo Funding pledged the contingent equity account to secure our obligations under the Facility Agreement. When we drew funds from the contingent equity account, we issued Thermo Funding shares of our common stock calculated using a price per share equal to 80% of the average closing price of the common stock for the 15 trading days immediately preceding the draw.

The Contingent Equity Agreement also provides that we will pay Thermo Funding an availability fee of 10% per year for maintaining funds in the contingent equity account. This fee is payable solely in warrants to purchase common stock at \$0.01 per share with a five-year exercise period from issuance, with respect to a number of shares equal to the available balance in the contingent equity account divided by \$1.37, subject to an annual retroactive adjustment at each anniversary of the date of the agreement. No voting common stock is issuable if it would cause Thermo Funding and its affiliates to own more than 70% of our outstanding voting stock. For more information on the shares and warrants issued pursuant to the Contingent Equity Agreement, see Note 4 to the Consolidated Financial Statement contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

Subordinated Loan Agreement

In June 2009, we entered into a Loan Agreement with Thermo Funding whereby Thermo Funding agreed to lend us \$25 million for the purpose of funding the debt service reserve account required under the Facility Agreement. This loan is subordinated to, and the debt service reserve account is pledged to secure, all of our obligations under the Facility Agreement. The loan accrues interest at 12% per annum, which is capitalized and added to the outstanding principal in lieu of cash payments. We will make payments to Thermo Funding only when permitted under the Facility Agreement. The loan becomes due and payable six months after the obligations under the Facility Agreement have been paid in full, a change in control of the Company or any acceleration of the maturity of the loans under the Facility Agreement occurs. As additional consideration for the loan, we issued Thermo Funding a warrant to purchase 4,205,608 shares of common stock at \$0.01 per share with a five-year exercise period. No common stock is issuable upon such exercise if such issuance would cause Thermo Funding and its affiliates to own more than 70% of our outstanding voting stock.

Short-Term Note

In advance of the funding of the Facility Agreement, Thermo Funding provided cash to meet our working capital needs under a short-term, unsecured promissory note. In January 2010, Thermo Funding agreed with us, upon recommendation and approval of the Board, to convert our promissory note held by Thermo Funding in the principal amount of \$2,259,531 (plus accrued interest) into 2,525,750 shares of our nonvoting common stock.

Director Independence

The Board has determined that Messrs. Hasler, Kneuer and McIntyre are independent directors as defined in Rule 10A 3 under the Securities Exchange Act of 1934. This determination was based on the absence of any relationship known to the Board between Messrs. Hasler, Kneuer or McIntyre and us (other than as a director and stockholder) that would affect the independence of any of them as a Director.
